OBJECTIVE:

AIML Intern with 6+ months of practical experience in model development, data preprocessing and API integration, looking to apply my analytical skills, passion of AI and knowledge of machine learning techniques to build practical solutions while continuously enhancing my technical expertise.

WORK EXPERIENCE:

AIML Intern –TechnoWolrd Software| Aug 2025 – Present

- Contributing to ML model development, API integration and real-time data processing.

PROJECTS:

1. **Recommendation System**
2. **AquaVision BI**
3. **Sales Analysis Dashboard**

SKILLS:

- **Programming Languages:** C, C++, Java, Python (Numpy, Pandas, Matplotlib), SQL
- **Database Systems:** PostgreSQL, My SQL
- **Machine Learning:** Supervised, Unsupervised models
- **Tools:** Power BI, Git and GitHub, Jupyter Notebook, VS Code

CERTIFICATIONS:

- SQL Basic – Hacker Rank
- Experiential Learning (Power BI) – Nasscom
- Data Analytics and Visualization Job Simulation – Forage
